

RANDY PYE JOINS CAPITOL SOLUTIONS

Pye to lead local government practice

Capitol Solutions is pleased to announce the addition of Randy Pye as its newest member of the firm. As Senior Vice President, Pye will lead Capitol Solutions' Local Government practice and develop a specialized practice for the development community, helping to secure project approvals through the local government process.

Randy currently serves as Mayor of the city of Centennial where he will serve for one more year before being term-limited. Randy is one of the original five founders of the Centennial incorporation movement. Randy was elected as Centennial's first Mayor in February of 2001 and re-elected in 2005 for a second term.

In 2003, 2004, and again in 2008, Randy was selected by his fellow Mayors as Chairman of the Metro Mayors Caucus. The Caucus is comprised of 37 Mayors from the region and focuses on regional issues of concern to all local governments such as transportation, water resources, and affordable housing.

Randy is also currently Co-Chair of the Colorado Tomorrow Alliance that is examining how Colorado, and specifically the Front Range, will grow and develop in the next 20 years. The Alliance considers transportation, intelligent land use planning, open-space, water and air quality using smart growth principles while accommodating the projected population growth.

Randy comes to Capitol Solutions from the Metro Denver Economic Development Corporation, an affiliate of the Denver Metro Chamber of Commerce where he has been the Director of Investor Relations for the last five years. The Metro Denver Economic Development Corporation is a coalition of government, businesses, and local/regional economic development organizations throughout the region.

"We are thrilled to add Randy to our team of government affairs professionals," said Sandra Hagen Solin, President/CEO of Capitol Solutions. "In leading our local government practice, Randy's depth of experience and relationships at the local and state level will bring tremendous value to our existing and new clients."
